CONTENTS OF VOLUME 27

NUMBER 1

Articles

Meta-analysis of cognitive-behavioral treatments for social phobia
Steven Taylor 1

Erectile dysfunction in men with chronic medical illness
Joseph J. Plaud, Patricia M. Dubbert, Jeffrey Holm, David Wittrock, Patrick Smith, Janis Edison, Richard McAnulty, Juesta Caddell, Mary Summerville and Adolph Jones Jr. 11

An orienting response model of eye movement desensitization
Michael S. Armstrong and Kevin Vaughan 21

Methods and Instruments

A brief behavior therapy protocol for Tourette Syndrome
James E. Carr and Jon S. Bailey 33

Functional assessment and treatment of aggressive and destructive behaviors in a child victim of physical abuse
James K. Luiselli 41

Case Reports

AIDS-related obsessive compulsive disorder: deconditioning based on fluoxetine-induced inhibition of anxiety
Robert P. Kraus and Ian R. Nicholson 51

The use of contingency management in the treatment of a geriatric nursing home patient with psychogenic vomiting
Denise M. Sloan and J. Scott Mizes 57

Book Reviews

Eye Movement Desensitization and Reprocessing: Basic Principles, Protocols, and Procedures by Francine Shapiro
Two Reviews: Robert W. Montgomery and Herbert Fensterheim 67

Case Studies in Abnormal Psychology by Oltmanns, Neale and Davison
J. Plaud 72

Advanced Abnormal Psychology edited by Vincent Van Hasselt and Michael Hershen
John S. O'Brien 72

NUMBER 2

Symposium: Standardized Versus Individualized Behavior Therapy

More theory-driven and less diagnosis-based behavior therapy
Georg H. Eifert 75

"Cleaning-up cognition" in triple-response fear assessment through individualized functional behavior analysis
John P. Forsyth and Georg H. Eifert 87

Individualizing therapy, customizing clinical science
Ian M. Evans 99

How can behavior therapy treat the same disorder with different techniques and different disorders with the same technique?
Aurora Gavino, Antonia Godoy, Carmen Rodriguez-Naranjo and Georg H. Eifert 107

Tailor-made and standardized therapy: complementary tasks in behavior therapy. A contrarian view
Dietmar Schulte 119

Articles

What's the fear of? Using implosion to explore the bodily-injury fear complex
V. Ann Waldorf and Jane Ellen Smith 127

Human behavioral momentum: implications for applied behavior analysis and therapy
Joseph J. Plaud and George A. Gaither 139

Polycythaemia and agoraphobia
R. Haghighat, D. C. Costa and E. Chesser 149

Evaluating the response of mild hypertensives to biofeedback-assisted relaxation using a mental stress test
Esther Paran, Marianne Amir and Nizan Yaniv 157

Self-control and the Type A behavior pattern
Keiko Nakano, Kaname Mochizuki and Masaya Sato 169
On the origin of eye movement desensitization and reprocessing: a response to Rosen
Robert B. Welch 175

Methods and Instruments
Simplified treatment and long term follow-up for stuttering in adults: a study of two cases
Raymond G. Miltenberger, Joel R. Wagaman and Richard E. Arndorfer 181

Case Reports
Social skills training in a case of obsessive–compulsive disorder with schizotypal personality disorder
Dean McKay and Fugen Neziroglu 189

Letter to the Editor
Pica as obsessive–compulsive disorder
James K. Luiselli 195

Announcement 197

NUMBER 3

Articles
Reinforcement history: a concept underutilized in behavior analysts
Kurt Salzinger 199
Eye movement desensitization and reprocessing (EMDR): evaluation of controlled PTSD research
Francine Shapiro 209
Eye movement desensitization and reprocessing: effectiveness and autonomic correlates
David L. Wilson, Steven M. Silver, William G. Covi and Sandra Foster 219
Measuring effectiveness of eye movement desensitization and reprocessing (EMDR) in non-clinical anxiety: a multi-subject yoked-control design
Thomas M. Dunn, Marvin Schwartz, Robert W. Hatfield and Mark Wiegele 231
A comparison of two spider fear questionnaires
Peter Muris and Harald Merckelbach 241

Methods and Instruments
Temporomandibular disorder: efficacy of an oral habit reversal treatment program
Sandy E. Gramling, Julie Neblett, Revonda Grayson and Donald Townsend 245
A simplified habit reversal treatment for pica-related chewing
Douglas W. Woods, Raymond G. Miltenberger and Vicki A. Lumley 257
The standard deviation as an informative measure of variability in reporting interobserver agreement means
James E. Carr, John Austin, David B. Hatfield and Jon S. Bailey 263
Task analysis training of case managers to assist seriously mentally ill patients find roommates and housing
Shirley L. Long and Steven Zlutnick 269

Case Reports
A systematic replication of the prescriptive treatment of school refusal behavior in a single subject
Bruce F. Chorpita, Anne Marie Albano, Richard G. Heimberg and David H. Barlow 281
A functional-analytic approach to the diagnosis of a transient tic disorder
James E. Carr, Connie C. Taylor, Robert J. Wallander and Maxin L. Reiss 291
The behavioral treatment of auditory hallucinatory responding of a schizophrenic patient
J. M. Jimenez, M. Todman, M. Perez, J. F. Godoy and D. V. Landon-Jimenez 299

Critical commentaries
Different disorders and different treatments
Bruce A. Thyer 311
Errors of context and review of eye movement desensitization and reprocessing research
Francine Shapiro 313

Book Review
Cognitive Therapy: Basics and Beyond
Joseph Wolpe 319

NUMBER 4

SPECIAL ISSUE II

The Debate Continues

Cognition, Behavior and Causality: A Broad Exchange of Views Stemming from the Debate on the Causal Efficacy of Human Thought

Introduction
Leo J. Reyna 321
Ontological and epistemological terrains revisited
Albert Bandura 323
The Darwinian status of mind
John Garcia 347
What are the benefits from a debate about cognition, behavior and causality?
Russell M. F. Hawkins 351
Arguing with the cognitivists
Christina Lee 357
Science, philosophy and man's mind
Edwin A. Locke 363
Cognitive vs. contextual causation: Different world views but perhaps not irreconcilable
John P. Forsyth, C. W. Lejuez, Robert P. Hawkins and Georg H. Eifert 369

A Note to Subscribers
The guidelines for membership in the Behavior Therapy and Research Society, and the roster and geographical listing of the society will appear in Vol. 28, No. 1 (1997).
